

LIBERAL DEMOCRATS KEEP IN TOUCH ALL THE YEAR ROUND not just at election times

The Liberal Democrats or the Tories will win.

There is no Labour candidate.

The **Greens** can't win, but votes for them can decide who does.

Vote Liberal Democrat: only we can deliver on the local environment, not just talk about it.

Liberal Democrats will:

- stop unnecessary council tax increases. *No district council in Gloucestershire charges more than Tory-controlled Stroud;*
- ensure 1000 affordable homes are built in the District in the next six years and stop the Tory policy of selling off council house gardens and houses to property speculators;
- increase our recycling figures to 60%; provide grant aid for energy efficiency improvements in community buildings; make our streets cleaner and enforce existing laws to reduce litter and dog fouling;
- encourage rural public transport provision whilst ensuring all new developments have adequate car parking;
- actively support and encourage the development of new play facilities, particularly for young people;
- encourage tourism, helping to make our communities more vibrant, enhancing business opportunities and creating employment. Seek to prevent viable business premises being used for housing at the expense of local jobs;
- further develop partnerships with the police, neighbourhood wardens, town and parish councils and youth leaders to fight against crime and disorder and anti-social behaviour and
- actively support the excellent work of our voluntary organisations with financial, administrative and technical help.

Greenlea
Haw Street
Wotton-under-Edge

Dear Elector,

I am asking once again for your support on 1st May.

With my experience of serving on Stroud District Council I can set to work straight away on behalf of Wotton and North Nibley.

As chair of the Wotton Regeneration Partnership I am committed to carrying out the aims of the Community Plan. We need help from the SDC to achieve better parking facilities in Wotton and more affordable housing in all of our area.

I am committed to fundraising for the voluntary sector in addition to projects in which I am involved as a councillor. I have brought together the community and businesses to give money for the benefit of Wotton.

I keep in touch with local needs working with young people and the elderly, who require continued support. There is a need for well-equipped play areas and sports facilities.

Momentum has to be maintained and I am aware that some of the big issues take time and money to resolve. I will continue to promote our unique area and enhance and protect its environment.

Yours sincerely

June H. Cordwell

June Cordwell

ON HAND TO HELP YOU

Living in the local community, June and the Liberal Democrat team are on hand to deal with problems from residents of North Nibley and Wotton. We keep in touch with you all the year round.

June Cordwell:

June weed clearing at The Cloud

- is Chair of Wotton's Regeneration Partnership of local organisations, working together to improve the Town, and is a member of Wotton's active Chamber of Trade;
- led the introduction of hessian "shop local" bags to reduce the use of plastic bags and is promoting brown tourism signs for Wotton's Historic Market Town;
- is a former chair of the District Council's Regeneration and Resources Scrutiny Committee;
- is a long-standing member of Wotton Town Council and a previous Mayor. *The other candidates are not members of the Town Council;*
- chaired the Citizens' Advice Bureau Trustee Board for 5 years, and was successful with a lottery bid. She chairs its fundraising and public relations committee;
- is a Trustee of the Tyndale Monument Trust;
- is a vigorous fund-raiser for youth activities—such as the bike project, working with the SDC's Community Safety Department, the Police, Neighbourhood Wardens and Youth Leaders - and for the swimming pool redevelopment;
- teaches music locally and
- has successfully organised events in Wotton such as the 750 celebrations.

June and Paul study plans. We need local members on the planning committee at Stroud. At present planning decisions are made by councillors from other parts of the district.
